Name and date

1 What stands out for you now about how humanity is evolving?

Look back over your notes. Your AHA moment may be small, and it may surprise you.

2 Did anyone's take-away change or sharpen your own?

Note an idea you would like to borrow, and why.

3 What will you start, do differently, or hold close?

Keep it small and concrete. Note when you will start and who, if anyone, will know about it.

4 Looking back: what happened?

Pick a date to look back, perhaps a week from now. Then note what you did, what got in the way and what you learned.
